That pretty much covers it all. Thank you. I am meeting next Monday with two state representatives in reference to Flock and I want to read up as much as I can so I can accurately answer their questions as well.

Morning sir,

Back in office and already helping Pearman out again (he claims his computer is being weird today)...

I believe we have covered answers to those here:

- https://www.flocksafety.com/blog/gunshot-detection-and-license-plate-reader-security-alert
- https://www.flocksafety.com/blog/has-flock-been-hacked
- https://www.flocksafety.com/blog/response-to-compiled-security-research-on-flock-safety-devices

Let me know if that doesn't get at what is needed!

Thank you,
Brian
