Hey Kory, just to add here - we won't charge for Raven relo on a Safe City.

Thanks!

Hi Dept. Chief Adams,

I'm Kory, and I'll be assisting with the relocation process. Could you please help by confirming the answers to the questions below? Once we have those details, I'll coordinate with the deployment strategy team to draft a mapping for your final approval.

Our relocation fees can be found on our reinstall fee schedule. Let me know if you have any questions in the meantime.

1. Which device(s) (please include the number) would you like relocated? **R#203** [redacted]

2. What is the motivation or goal for moving these devices? **There is an individual who keeps requesting that the gunshot detector be removed from in front of his house at** [redacted]

3. Where would you like it relocated? Please provide coordinates or mark the desired location on an aerial map.
4. What direction of travel would you like the device(s) to capture?
5. Will the device be installed on an existing pole (light pole, utility pole, etc.) or a Flock pole?
6. Do you agree to the relocation fee of $350 for a light/utility pole, $750 for a Flock pole, or $2,000 for an Advanced Flock pole (X2/DOT)?
7. Who will be the main point of contact for the relocation? Please include their name and email.

If a permit is needed, we may request additional documentation. The permitting process may prolong the timeline.

Feel free to let me know if you have any questions or need help with any step—I'm here to support you! Once I have your answers, I'll be happy to begin the relocation process.

Stay Safe,
Kory

Hi team,

Are we able to check with eng to see if this device can be removed or if will need to be relocated?

I have an individual that keeps requesting the gunshot detector be removed from in front of his house at [redacted] Anyway we can just remove this one device? Or move it across the street?

Thanks
