Good afternoon,

I hope your week is going well! Just wanted to send a quick note as I haven't received the signatures from either agency. Please let me know if there's anything I can do to help get this through the finish line.

Thank you for your help!

Good morning,

Thank you for your patience here! Since this is a county agency, we will need to get that multisignatory MOU signed. Could you please provide the signatory's name, email, and agency name from your agency and dispatch? From there, I can route it for signature.

Please let me know if you have any questions and thanks again!

We can certainly keep the dispatch user/s. Flock has a multi-signatory MOU that your agency, the dispatch center, and Flock can all sign in order to move forward with the multiple domains.

Could you please kindly provide the names and email addresses for the signatories on behalf of your agency and the dispatch center? From there, I can generate the contract and send it out.

Please let me know if you have any questions. Thank you again!
