Awesome! Thank you so much. I would not worry about the 27th as he will be with Human Resources and other orientation things that day. So the rest of the week is wide open whenever you all are available.

Deputy Chief Adams,

We can absolutely make that work. I will coordinate with Matt Bellamy from our consulting team to arrange for us to be onsite for a couple of days during the week of July 27th.

This is extremely exciting news, looking forward to seeing the new build-out.

Stay Safe ,

Michael Pearman

I have been working to get a Manager on board to run the crime center and we have a retired FBI agent who will be taking that responsibility.

The issue is, I need to get him trained and up to speed on all aspects of Flock and running a Crime Center. His first day will be July 27th. (We can't hire before then because of the new budget year and the way the paycycle lands). I was hoping you all could provide some guidance on training him and also consulting from a real time crime aspect. That week would be a perfect week for us since he will be on board. However I will be in Washington State that week and won't be able to assist. I will have Captain Matt Gryder here who could be your point of contact.

I know that is not much time but any assistance would be greatly appreciated.
