Hi DC Adams,

I am looking forward to our on-site meeting tomorrow.

In preparation, please provide the email addresses for 5–7 "power users" or supervisors who would be willing to test the outcomes feature in our mobile app. Once I have their information, we can enable the feature for them.

I look forward to demonstrating this tomorrow. Once this feature is enabled for all users, it will provide a substantial improvement to their workflow.

Thank you,

Michael Pearman
