Good afternoon,

I hope you are having a nice week!

I am waiting to hear back from Brightridge. I reached out to Ken Edgar to review the poles, comparing what we have mapped against what they have. Once I hear back, I can send over a solid list.

Feel free to reach out if you have any questions in the meantime. My cell is 801-850-8061 if you need to reach me.

Thank you!

Hi team,

See message below from DC Adams.

Can we pull a list of all installs (completed or planned) that would be on BrightRidge utility poles? I know we had sent the original list in advance, but there may be poles that we remapped to that did not get accounted for.

We need to send the full list with GPS coordinates so Major Carrier can properly permit these with BrightRidge.

Thank you,

Brian

Good morning,

We will take care of these, however, in the future, I need to reassure that we have the proper documentation for permissions prior to installing. I don't know where the breakdown is but maybe we can discuss at next meeting.

Subject: Flock

Mike,

BrightRidge says that Flock has some of their cameras on their pole that are unauthorized. Can you have Flock contact Ken Edgar (423-952-5030) with BrightRidge to get this taken care of?

Thanks,
