Okay. I did not include anyone from Flock on the invite. This is an in house discussion on where we want to focus our efforts given that we will be moving forward with Drone DFR. I will write down what PTZs are going to be traded. Basically any that are awaiting DOT permitting and a few will be moved to new locations. Hopefully try to make it as easy as possible for Flock and us.

Afternoon sir,

I will cancel our 2pm tomorrow if you don't have anything specific you'd like to cover; if you do, more than happy to keep it.

I don't see an invite for the mapping tomorrow though, who do you have that one with?

Thanks!
Brian
