I think that will be okay where we have it mapped. Just ask them to put it as high as possible.

DC Adams,

The current pole it's slated for is on the E. Market side of the lot. I think that provides a good vantage point, but the only problem I see is a small shrub that could potentially be in the way. We could have them put it as high as possible, but it's hard to say without seeing it in person.

Thanks!
Brian

> Hi Brian,

I have attached map indicating the location of the Safe Exchange Zone in the City Hall parking that we want to capture with the flock camera.

I will be available all day tomorrow (5/22), if you have any questions.

Thank you,

JOHNSON CITY
TENNESSEE

Good morning,

I'm seeing this on the schedule for tomorrow (5/22). I will have the technician give us a call if he runs into any questions or issues with this one and keep you in the loop.

Thank you!
Brian
