Yes sir, we'll get a WO to have it repaired ASAP.

Thank you!
Brian

Good morning sir,

Attached is a report one of our officers took. Can you have a tech take a look at it next time one is in town?

Dear Deputy Chief,

I hope you are doing well.

I am writing to bring to your attention an issue with a Flock camera installation. It appears that the solar panel attached to one of the shot detection poles is hanging loose and may be at risk of falling. This could present a safety hazard and may also affect the functionality of the shot detection.

I wanted to report this so it can be inspected and repaired as soon as possible.

Please let me know if you need any additional details or the exact location of the pole.

Thank you for your attention to this matter.

Sincerely,
Whitson 948
