Good afternoon DC,

Great chatting yesterday - hope you are ready for a great Derby weekend.

Below are next steps and notes from our conversation. I've attached some slides with reference to some of the reports/features we chatted about.

Next Steps
- Brian: Provide paper on DFR ROI analysis when it is published - here is link to the full library of articles mentioned
- Brian: Investigate gunshot alert masking near rod & gun club (*ticket submitted to mask Alerts driven from the area*)
- Brian: Work with Pearman to develop training for insights/traffic analytics on his next visit
- Brian: Update report card format to include total device counts

Notes

Audit Feature & System Updates
- Organizational audit feature disabled after general release
  - Re-enabled through Admin > Organization > Settings/Policies
  - Data reset for pre-January 1st entries, current data preserved
- Reproductive care search filter available
  - Blocks searches with associated keywords from appearing in audits
  - Immigration filter also available
- Device health portal restored to single location under Devices
  - Significant PTZ/LPR installations this week (~10 units)
  - Walnut & Buffalo relocation completed and operational

Flock System Performance & Analytics
- Strong outcomes from recent deployments
  - Robbery case: eyewitness tag + directional data led to Elizabethon pursuit
- Raven audio alerts generating high volume
  - Car crash detection working well
  - Gunshot alerts frequent due to nearby Gun Club (90 Furnace Road)
  - Training/blank rounds also triggering alerts
- Underutilized analytics capabilities identified
  - Traffic analytics available for traffic division
  - New speed analytics rolling out (averages, not individual speeds)
  - Audio insights can correlate license plates with multiple alert locations

Reporting & Communication

- Monthly report cards forwarded to city manager and chief
  - Including Real-Time Crime Center updates for city commissioner briefings
- Requested additions to reports:
  - Total PTZ count currently installed
  - Total LPR count currently installed
- Success stories shared selectively
  - Focus on tangible recoveries and arrests
  - Patrol supervisors sometimes add outcomes without notification

Thank you!
Brian
