I got a very stock answer the first time around - do you have them on the trailers already or have them in the office? If you have them all in one spot could you take a picture and I'll confirm where each one goes.

Just today I got three more government Tennessee tags with registration for something. It says Semi on the bottom of the tag and Perm in the upper right hand corner where normally you would have an expiration date. I don't know what these three tags are for. Do you?

Hi Cali,

Can you share the definitive list of PTZs on DOT with DC Adams?

Thanks!

Brian

Can you send me a list of the PTZs that are on DOT right of way. I am going to do some digging about remapping these since it appears it will be a long time before the state does anything.
